RATING**

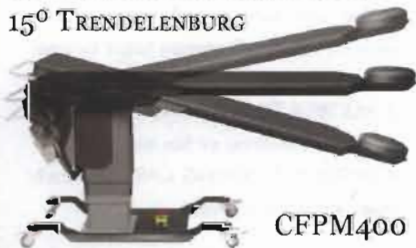

Imaging Quality and Value

- OPTIMAL - ideal for pain management practices, surgicenters, and other multi-disciplinary medical facilities.
- ADJUSTABLE HEIGHT RANGE - promote safe wheelchair transfer and ergonomic working conditions.
- ADJUSTABLE - the CFPM400 is a 4 movement table including height adjustment, lateral tilt, trendelenburg, and reverse trendelenburg, and longitudinal top movement.
- PROTECT C-ARMS - durable soft touch base material on the CFPM100 protects and minimizes c-arm scrapes and damage.

12° REVERSE TRENDLENBURG &
15° TRENDLENBURG

± 15° LATERAL TILT
CFPM400

SPECIFICATIONS

Patient Capacity	500 lbs. (227 kg.)
Table Weight	CFPM100 350 lbs. (159 kg.) CFPM400 415 lbs. (188 kg.)
Height Range	CFPM100 25" - 43" (64 cm - 109 cm) CFPM400 26" - 44" (66 cm - 112 cm)
Width	22" (56 cm)
Length	84" (213 cm)
Top	Carbon Fiber
Upholstery	TerraTouch™
Electronics	Single 110 volt
Controls	CFPM100 1 foot control CFPM400 1 foot & 1 hand control
Included	Table top pad, 3 radiolucent positioning pads, 4 year lifetime limited warranty
Optional	<i>International Electrical Configurations, Spinal Imaging Platform, carbon fiber arm boards, fluoro extender, OAKWORKS® Prone Pillow</i>

Some configurations may not be available
